BENCH PORTO CIRCULAR

AP056A

Finitura /Finishing

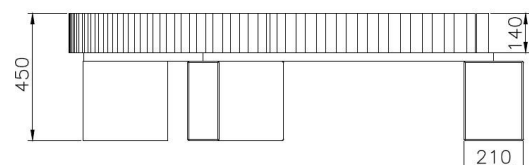

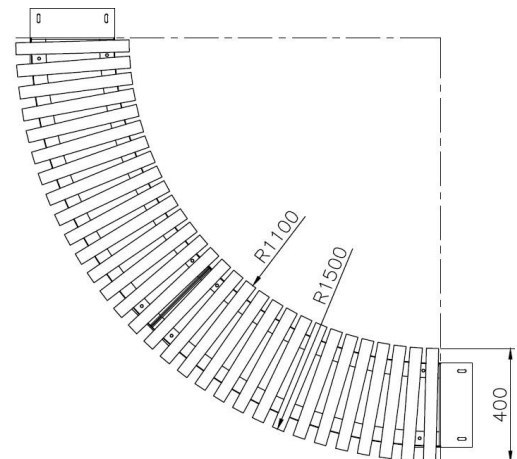

GALVANIZED AND POWDER COATED

Bench Porto had a structure in galvanized and powder coated steel, available in different RAL colours. The supports are realized with a 5-mm-thick steel sheet, above which the timber seat is fixed with stainless steel screws. The seat consists of a frame in rectangular 50x30 mm calendared and perforated tube on which are fixed Nordic pine slats section 43x140 mm; the slats are pressure treated, according to DIN 68800-3 norms, in order to to preserve the wood against the attack of fungi, moulds and atmospheric agents (on request hardwood can be used). Bench with a linear and very robust design.

TECHNICAL INFORMATION

Dimensions	R ext. 1500 mm R int. 1100 mm
Height	450 mm
Weight	104 Kg
Package	Pallet
