**BIKE RACK GAMMA**

**AR002 A/B/C**

Finitura /Finishing

**GALVANIZED AND POWDER COATED**

With 3, 5, 7 and 9 places, model Gamma is realized with a rack made of steel tubulars  $\varnothing 22$  mm, duly bend and welded to two horizontal tubulars  $\varnothing 48$ .

The bike rack is supported by two lateral base plates, with holes for ground anchoring with bolts.

In the 9 places variation, the rack is divided in 2 parts, connected by 2 central plates, which can be fixed to the ground with bolts.

All metal parts are galvanized and powder coated and are available in different RAL colours. Stainless steel screws
