BIKE RACK ZURIGO

AR044

Finitura /Finishing

GALVANIZED AND POWDER COATED

Bike rack Zurigo can support 1 or 2 bikes.

It is realized with a U-shaped steel plate, suitable for the anchoring at the ground through bolts.

All metal parts are galvanized and powder coated in different RAL colours.

It can be installed individually or in a row.

Very robust and fashionable, it can also be installed under a shelter or close to benches in a break area.
