**BIKE RACK SPIRIT**

**AR004 / AR004I**

Finitura /Finishing

**GALVANIZED AND POWDER COATED / STAINLESS STEEL**

Bike support made up of a spiral-shaped rack in tube  $\varnothing 22\text{mm}$  welded to two horizontal steel tubes  $\varnothing 48\text{ mm}$ . At the extremities of the two horizontal tubulars drilled brackets are welded to be then fixed to lateral arched supports. The two arches are made in  $\varnothing 60$  tube and are provided with 4 welded plates  $\varnothing 150$  for ground anchoring with bolts.

The rack can be in galvanized and powder coated steel or in stainless steel, while lateral supports are always galvanized and powder coated.

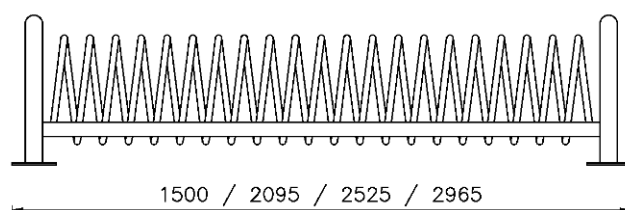

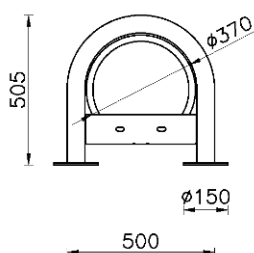

It can hold 3,5,7, or 9 places. Stainless steel screws. Bike rack Spirit is perfect for schools, stations and crowded places. It is also resistant to strong weather conditions

## TECHNICAL INFORMATION

Dimensions L.1500 mm (3 POSTI)  
L.2095 mm (5 POSTI)  
L.2525 mm (7 POSTI)  
L.2965 mm (9 POSTI)

height H.505 mm

weight 20 KG (3 POSTI)  
24 KG (5 POSTI)  
28 KG (7 POSTI)  
35 KG (9 POSTI)
