LITTER BIN ABU DHABI

AC043

Finitura /Finishing

GALVANIZED AND POWDER COATED

Litter bins Abu Dhabi is capacious and perfect for any kind of context. It is realized with body and lid in galvanized and powder coated shaped steel sheet, which give robustness and stability to the product.

Two sides of the bin are clad with timber slats dim. 42x20 mm L. 625 mm.

The arched lid can be opened, as it is hinged to the bin and is provided with universal key lock.

Waste can be inserted through the spaces under the lid.

The base can be anchored to the ground with bolts.

Litter bin Abu Dhabi is provided with an inner container with dim. 470x350 mm H.740 mm.

Slats can be either in pressure-treated pine wood or iroko wood, while all metal parts are galvanized and powder coated and are available in different RAL colours. Stainless steel screws.
