SET BONN

AA014T/AP032

Finitura /Finishing

GALVANIZED AND POWDER COATED

Set Bonn is made combining galvanized and powder coated steel with wood. The table and the benches are composed of two tubular supports sec. 60x60 mm, to which timber slats sec. 43x53 mm are fixed.

Seat, backrest and table top are provided with central supports, in order to give more stability to the slats.

All elements can be ground anchored with bolts.

Slats can be supplied in pressure-treated pine wood or in hard wood.

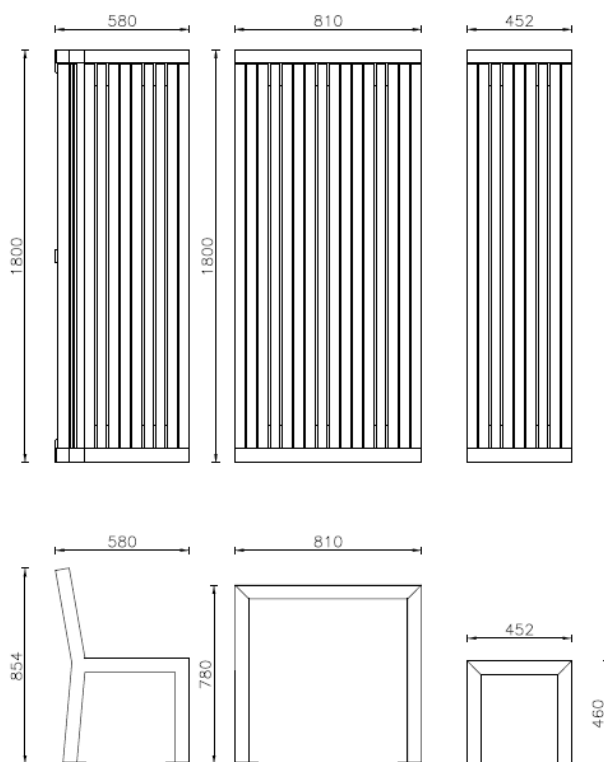

All metal parts are galvanized and powder coted and are available in different RAL colours. Stainless steel screws.
